

Position Title: Nature Specialist

Responsible to: Assistant Camp Director

General Responsibility: Aid in developing programs in order to create an awareness for the natural world in both campers and staff and play a substantial role in aiding in the development of the REAL Team program.

Specific Responsibilities:

- Attend all pre-camp activities and workshops.
- Organize and implement all nature activities and programs during activity periods and SIPS.
- Evaluate and make any necessary changes or recommendations to all nature programs.
- Animate and implement the SEQUOIA program (see note below).
- Organize an ongoing program for the Sequoias during rest periods.
- Aid in planning and implementing REAL Team activities.
- Attend regular staff meetings with the Program Director and Head Counselor.
- Write a year-end report stating any concerns and recommendations for following season.
- Meet at least twice during the summer with Camp Directors for formal evaluations.

Qualifications:

- must be familiar with nature, the environment, conservation and the preservation of the natural world;
- must also possess organizational skills, programming skills, excellent communication skills as well as knowledge in conflict management and listening skills.
